

# **The long-awaited price reduction of exactly 50%**

The spring melting of our prices has begun!

## **Would you like to have your MetaTrader 4 Server for only 13 Euro per day?**

How about a ready-made turnkey business for 27 Euros?

**The MetaTrader 4 server right now - use it without payment for up to 72 hours!**

The best exclusive offer in the Forex market for private investors, software developers, traders, trading signal sellers, trading advisor sellers, trading account managers, investment companies, large brokerage companies, and for anyone who wants to open their own Forex business with minimal costs. This offer is for you. Do not miss your chance.

**Connection, setting up a physical dedicated server, installing MetaTrader 4 Server = 800 Euro (mandatory payment)**

**Rent a MT4 server for 1 (one) year 6 900 Euro!**

You get paid access to the MT 4 Server for 1 year, control and management of the server through the MT 4 Administrator and MT4 Manager. The server is issued to one person, so you are the only tenant and the administrator of your server has full control over it. Thus, technically, the MT 4 Server for training costs you only 7 700 Euros per year, which is undoubtedly the most meager price in this service market, taking into account all the restrictions.

### **We offer you the following services and products:**

You purchased a server to rent for one year and use it in your work, but you need to have access to the files of the MT 4 Server itself, you need to install your plugins, use all the capabilities of the API functions, and make changes. **You can make the next payment of 38 000 Euro, we will give you full access to your MT4 server.** You will not only have access to the server, but also to all files of this Software.

Now that the entire software package is in your hands and at your disposal, you can order your new brand for your own company from us. Now you can remove all restrictions and activate on your dedicated servers all copies of the MT4 Server that you decide to install.

You are fully ready to provide services as a Forex Broker.

**Make a final payment of only 25 000 Euros, we will carry out our work efficiently and flawlessly.**

Thus, we will be with you all the time and accompany you at every stage of the transaction. Your payment is divided into four main parts, which greatly influences financial planning and the correct and rational distribution of your budget.

## 1 . WEB terminal MT 4 = 26 000

When purchasing a server and this order from us, the price is both current and includes individual wishes regarding technical characteristics. Execution period up to 35 days. Ordering this development separately is more expensive!
